1. General provisions

All rates area stated in Norwegian kroner (NOK) exclusive value added tax (VAT). For information on commercial terms and conditions, and provisions concerning these tariffs, see “Commercial terms and conditions for the Port of Tromsø”, which is published on www.tromso.havn.no

A separate tariff document applies for charges for quays and services in connection with cruise calls.

2. Processing fees

For information about applications for measures in the sea and processing fees, please see our website www.tromso.havn.no or lovdata.no: https://lovdata.no/dokument/LF/forskrift/2022-06-15-1146

3. Maritime infrastructure

3.1. Fairway dues

The minimum rate per call is NOK 494. Fairway dues are calculated based on gross tonnage (GT).

The Port of Tromsø has been instructed by the Norwegian Coastal Administration to set this fee to NOK 0 until overcharged fees are reimbursed to the users. Consequently, in practical terms, vessels calling at quays in the municipality’s sea area will not be charged fairway dues in 2027. This will be shown by stipulating the fairway dues as NOK 0 in invoices issued by the Port of Tromsø.

3.2. Quay charges

Minimum rate for quay charges per 24-hour period

Rate category	Vessel category	Rate
Minimum rate for vessels	Vessels under 11 metres	421.00
Minimum rate for vessels	Vessels from 11-15 metres	490.00
Minimum rate for vessels	Vessels from 15-30 metres	600.00
Minimum rate for vessels	Vessels over 30 metres	1,050.00

The table above applies to commercial vessels. For recreational vessels, the table in Section 3.4 below applies.

The minimum price per commenced day for yachts are NOK 15,000.

The rates for charter/passenger vessels (except Coastal Voyage and express boats in regular service), are stated in Chapter 7 of the tariffs for Cruise, charter and passenger vessels.

Quay charges are calculated based on gross tonnage (GT) and are differentiated according to vessel type.

To calculate the quay charges, see the calculator on the Port of Tromsø’s website: https://www.tromso.havn.no/tjenester/skjema-og-priser/

The quay charges normally cover the area the ship needs for gangways, provisions for own consumption and minor logistics, etc. For major equipment changes, special loading operations, mobilisation projects, etc. rental of the area for these purposes will be invoiced separately.

Separate rates apply for special projects and calls involving larger projects, e.g. rigs, fleet visits, etc. Please contact us for a specific offer.

3.3. Discount structure

Type of discount	Scope of discount
Commercial vessels under 15 metres with a laytime exceeding 1 week. The discount applies from the eighth day.	20 % of quay charges
Commercial vessels over 15 metres with a laytime of 1-2 months. The discount applies from the first day.	10 % of quay charges
Commercial vessels over 15 metres with a laytime exceeding 2 months. The discount applies from the first day.	20 % of quay charges
Vessels with regular and high frequency of calls	Assessed on a case-by-case basis and must be requested by the shipping company/vessel

Conditions for granting discounts vary from case to case and may consist of requirements related to shore power, portability, etc. All discounts must be requested prior to the call.

The minimum rate for the respective size category applies independently and regardless.

3.4. Charges for recreational vessels

Floating piers at guest marina

Quay charges (paid by app) include electricity, water and waste disposal. Customers who are unable to use the app may pay via a mobile card terminal by contacting the Port Control. However, this will incur an additional charge for one hour's work, cf. Section 5.2.

Description	Rate
Quay charges – recreational vessels up to 11 metres	378.00
Quay charges – recreational vessels from 11-15 metres	446.00
Quay charges – recreational vessels over 15 metres (minimum rate)	600.00
Short-term arrival (maximum 3 hours) for recreational vessels under 15 metres	77.00

3.5. Waste disposal fee and charges

Vessels ordering waste disposal services (e.g. container and sewage vacuum truck) will be invoiced the actual costs in addition to a 20 % administrative charge (maximum NOK 12,000).

Vessels delivering waste to fixed recycling stations will be invoiced a fixed waste based of the GT of the vessel. This covers up to 1-1.5 m³ of waste.

Description	Rate
Administrative charge per order of waste disposal services (applies to both solid and liquid waste). Minimum fee equivalent to one hour's work, cf. Section 5.2. Maximum NOK 12,000	20 % of actual costs
Fee for sorted and unsorted waste per gross tonne delivered to fixed recycling stations (covers up to 1-1.5 m³ waste)	0.54
Minimum waste disposal fee per call for vessels not delivering waste	158.00
Maximum waste disposal fee per call for vessels not delivering waste	1,575.00
Charge for waste or items left on the quay without prior agreement with the Port Control prior to departure (the actual costs for removal of the waste/items are charged in addition)	10,000.00

3.6. Security charges

Calls to ISPS-approved quay

The security charge is levied at a rate of 30 % of the quay charges per 24-hour period. The actual costs of security arrangements are charged in addition.

General

The vessel will be invoiced for any additional costs incurred due to changes in arrival or departure times made less than 72 hours before the notified time of arrival.

During normal operation with security level 1, the security charge will be levied in accordance with the Port tariffs. During situations where the security level is raised, the vessel shall cover any additional costs for measures necessitated by the port call.

In situations where an ISPS vessel and a non-ISPS vessel must be docked at the same quay, the Port of Tromsø may order the use of security guards at the expense of one or both vessels.

If security is required at ISPS vessels, the security guards must be ordered through the Port of Tromsø.

- A charge of NOK 7,500 applies if an ISPS certified ship arrives from a non-ISPS certified port.
- A charge og NOK 1,000 applies if an ISPS access card is not returned before the vessel departs.

3.7. Passenger charges

A passenger charge is levied on vessels and vehicles operating passenger services. This charge applies to both embarking and disembarking passengers, as well as passengers using the Port of Tromsø's facilities.

The passenger charge does not apply to passengers on the Coastal Voyage, express boats and bus services.

Description	Rate per passenger

The Port of Tromsø must be notified (via the Port Control) on commencement and completion of work.

5. Services

5.1. General for all services

Services are activities which the port performs on behalf of and for our customers.

- Rental of equipment and labour are included in sale of services.
- No vehicles, machinery or boats are rented without operator/driver. The stated rates are inclusive operator/driver.
- A minimum rental period of two hours applies for operations outside regular working hours. Refer to the relevant service for the minimum period within regular working hours.
- Services that the Port of Tromsø can deliver must be ordered through us. If we do not have the capacity to provide the service, external operators and/or terminal operators may be requested. In special cases, consideration will be given to granting an exception from this.
- For special projects or long-term assignments, separate prices may be agreed upon.

Working hours at the Port of Tromsø

The rates apply during normal working hours for employees at the Port of Tromsø:

- 15 May – 14 September, Monday-Friday, 08:00-15:00
- 15 September – 14 May, Monday-Friday, 08:00-15:45

A surcharge over and above the regular rates is based on the working hours and is 50%, 100% or 133% (public holidays).

5.2. Labour
